# NEWS RELEASE

FOR IMMEDIATE RELEASE

Date: January 17, 2008

From: Charles M. Schulz - Sonoma County Airport (STS)

Contact: Jon Stout, Airport Manager, (707) 565-7243

Subject: STS New Website is Live – [sonomacountyairport.org](http://sonomacountyairport.org)

*Santa Rosa* The newly redesigned website for the Charles M. Schulz – Sonoma County Airport (STS), [sonomacountyairport.org](http://sonomacountyairport.org), was launched recently. Jon Stout, Airport Manager, said, “We’re pleased to have an attractive new website that is loaded with information for travelers, aviators, and neighbors. The new format gives us the opportunity to better communicate with Airport users and the community around us.”

The updated website, which is the official website of the Sonoma County Airport, also includes current and comprehensive information about the Airport Master Plan Update.

Charles M. Schulz - Sonoma County Airport currently offers five daily departures on Horizon Air, three daily departures to Los Angeles International Airport (LAX), and once-daily flights to Seattle (SEA) and Portland (PDX). Horizon Air will add a seasonal second flight between Santa Rosa and Seattle from April 6 through Oct. 26. This flight is being added to better accommodate the need for air travel to and from Sonoma County when demand is traditionally the highest.

Horizon Air service at STS began on March 20, 2007, and has proved very successful with 13,567 total passengers served in December 2007 and 109,082 total passengers in 2007. Airport officials are currently in discussions with Horizon Air and other airlines about adding additional flights to high-demand locations such as Las Vegas, Salt Lake City, and Denver. Up-to-date information about air service at the Airport can be found on the redesigned website.

The Airport is a division of the County of Sonoma Department of Transportation and Public Works. The new website was designed locally by Nu-Designs.com, a Santa Rosa web-development firm (<http://www.nu-designs.com/>).
